#### AMERICAN RIVER FLOOD CONTROL DISTRICT RESOLUTION NO. 2021-01

#### DELEGATION OF AUTHORITY TO ACT IN AN EMERGENCY

*WHEREAS*, the District operates and maintains flood control facilities that protect the residents of the Sacramento region from flooding along the American River, and various other creeks; and

*WHEREAS*, the experience of the District during the floods of 1986, 1997 and during other prior floods indicates that the District must be able to respond immediately to emergencies threatening its levee system; and

*WHEREAS*, emergencies can also arise during non-flood times which require immediate action by the District; and

*WHEREAS*, the California Legislature amended the provisions governing the letting of public works contracts during situations of emergency by the enactment of Section 88 Chapter 803 of the Statutes of 1994, which is codified at Public Contract Code Section 22050; and

*WHEREAS*, the District wishes to exercise the authority granted by Public Contract Code Section 22050 so as to ensure flood protection to the residents of the Sacramento region;

NOW THEREFORE BE IT RESOLVED that:

- Pursuant to the authority granted in Public Contract Code Section 22050(b)(1), the Board of Trustees hereby delegates its authority to (1) repair or replace a public facility, (2) take any directly related and immediate action required, and (3) procure the necessary equipment, services, and supplies required to respond to an emergency without giving notice of bids to let contracts, to the District's General Manager.
- 2. In the event that the General Manager is incapacitated or otherwise unavailable during an emergency, the authority granted to the District's General Manager shall pass to the acting Relief Manager or any other individual so designated by the Board of Trustees.

*WHEREAS*, the annual program of routine maintenance of the District's flood control facilities falls within the scope of CEQA, and

WHEREAS, the flood control facilities of the District all lie within Sacramento County;

*NOW, THEREFORE, BE IT RESOLVED* that the Board of Trustees of District, by the adoption of this Resolution, does hereby find as follows:

# American River Flood Control District Contract to Update the Heating, Ventilation, and Air Conditioning (HVAC) Control Panel Staff Report

## **Discussion:**

The District constructed tenant improvements to renovate the Headquarters facility at 185 Commerce Circle in 2015. At that time, it was decided to retain one existing Heating Ventilation and Air Conditioning (HVAC) unit on the roof and replace a dysfunctional one with a new unit. A control panel was furnished with the tenant improvements to control the two HVAC units.

In 2020, the District upgraded the existing roof and replaced the one old HVAC unit with a new model. When connecting the new HVAC unit to the existing control panel, the technician indicated we had an outdated control panel and that newer options would provide better control of the two units with increased efficiency.

The existing control panel is not easy for staff to understand and there have been numerous service calls to have the panel reprogrammed. Despite the efforts to reprogram the panel, the system still needs to be serviced frequently and often leaves the building and staff without heat during winter.

The new panel offered in the proposal from Trane will be simple for staff to use and will eliminate the need for service technicians to frequently come on-site for reprogramming. The new panel would be connected to the internet and could be monitored and diagnosed remotely by Trane. The new panel would also offer a touchscreen and app connectivity for use by staff.

The proposal from Trane includes installation of a new control panel and new control modules at each HVAC plenum to allow the panel to modulate heating and cooling of our system. The estimate from Trane lists a total project cost of \$20,554.

# **Recommendation:**

The General Manager recommends that the Board of Trustees approve the proposal from Trane for installation of a new HVAC control Panel.

These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the commercial goods and/or services described (the "Work"). COMPANY'S TERMS AND CONDITIONS ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT. The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions. If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counter-offer to provide Work in accordance with the Proposal and the Company terms and conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counter-offer will be deemed accepted. Customer's acceptance of the Work by Company will in any event constitute an acceptance by Customer of or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Work rendered by Company to the date of cancellation.

If such release is received later than 3 months from order receipt date, prices will be increased a straight 1% (not compounded) for each one-month period (or part thereof) beyond the 3 month firm price period up to the date of receipt of such release. If such release is not received within 6 months after date of order receipt, the prices are subject to renegotiation, or at Company's option, the order will be cancelled. Any delay in shipment caused by Customer's actions will subject prices to increase equal to the percentage increase in list prices during that period of delay and Company may charge Customer with incurred storage fees.

#### FUNDING AGREEMENT BETWEEN THE STATE OF CALIFORNIA (DEPARTMENT OF WATER RESOURCES) AND

#### AMERICAN RIVER FLOOD CONTROL DISTRICT

#### 2021-FMAP-NA1-01

THIS FUNDING AGREEMENT is entered into by and between the Department of Water Resources of the State of California, herein referred to as the "State" and the <u>American River Flood Control District</u>, a local flood maintaining agency in the State of California, duly organized, existing, and acting pursuant to the laws thereof, herein referred to as the "Funding Recipient," which parties do hereby agree as follows:

- 1. <u>PURPOSE</u>. State shall provide funding from the BudgetAct of 2020 to Funding Recipient to assist in financing operations and maintenance activities as set forth in Exhibit A (Project).
- <u>TERM OF FUNDINGAGREEMENT</u>. The term of this Funding Agreement begins on the date this Funding Agreement is initially executed by State, through final plus three (3) years unless otherwise terminated or amended as provided in this Agreement. The work window covered by this Agreement begins January 1, 2021 and ends December 31, 2021. Invoices for this work shall be submitted no later than April 30, 2022.
- 3. <u>FUNDING AMOUNT</u>. The maximum amount payable by the State under this Agreement shall not exceed \$\_\_\_\_\_\_.
- 4. <u>BASIC CONDITIONS</u>. State shall have no obligation to disburse money under this Funding Agreement until Funding Recipient has satisfied the following conditions:
  - A. Funding Recipient provides sufficient record for operations and maintenance activities and actual expenditures, as stated in their submittal package.
  - B. Funding Recipient submits a new Operations, Maintenance, Repair, Rehabilitation, and Replacement (OMRR&R)AssuranceAgreement executed with the Central Valley Flood Protection Board for the Funding Recipient's entire jurisdiction.
  - C. For the term of this Funding Agreement, Funding Recipient submits timely Quarterly Progress Reports as required by Paragraph 10, "Submission of Reports."
  - D. Funding Recipient submits all deliverables as specified in Paragraph 10 of this Funding Agreement and in Exhibit A.
  - E. Prior to the commencement of implementation activities, for work that is subject to the California Environmental Quality Act (CEQA) and or environmental permitting shall not proceed under this Funding Agreement until the following actions are performed:
    - i. Funding Recipient submits to the State all applicable environmental permits as indicated on the Environmental Information Form to the State,
    - ii. Documents that satisfy the CEQA process are received by the State,
    - iii. State has completed its CEQA compliance review as a Responsible Agency, and
    - iv. Funding Recipient receives written concurrence from the State of Lead Agency's CEQA document(s) and State notice of verification of environmental permit submittal.

State's concurrence of Lead Agency's CEQA documents is fully discretionary and shall constitute a condition precedent to any work (i.e., implementation activities) for which it is required. Once CEQA documentation has been completed, State will consider the environmental documents and decide whether to continue to fund the project or to require changes, alterations or other mitigation. Funding Recipient must also demonstrate that it has complied with all applicable requirements of the National

Environmental Policy Act (NEPA) by submitting copies of any environmental documents, including environmental impact statements, Finding of No Significant Impact, mitigation monitoring programs, and environmental permits as may be required prior to implementation.

- 5. <u>DISBURSEMENT OF FUNDS.</u> State will disburse to Funding Recipient the amount approved, subject to the availability of funds through normal State processes. Notwithstanding any other provision of this Funding Agreement, no disbursement shall be required at any time or in any manner which is in violation of, or in conflict with, federal or State laws, rules, or regulations. Any and all money disbursed to Funding Recipient under this Funding Agreement shall be deposited in a seperate account and shall be used solely to pay Eligible Costs.
- 6. <u>ELIGIBLE COSTS.</u> Funding Recipient shall apply State funds received only to eligible Costs in accordance with applicable provisions of the law and Exhibit B. Eligible Costs include the reasonable costs of studies, engineering, design, land and easement acquisition, legal fees, permit fees, preparation of environmental documentation, environmental mitigations, monitoring, and maintenance activities. Only work performed after the execution of this Agreement shall be eligible for reimbursement.

Unless otherwise noted, costs that are not eligible for reimbursement with State funds cannot be counted as Funding Match. Costs that are not eligible for reimbursement include but are not limited to the following items:

- A. Costs, other than those noted above, incurred prior to the execution of this Agreement.
- B. Purchase and maintenance of general use vehicles.
- C. Replacement of existing funding sources for ongoing programs.
- D. Travel and per diem costs.
- E. Support of existing agency requirements and mandates (e.g., punitive regulatory agency requirement).
- F. Purchase of land or interests in land other than those authorized in Exhibit A.
- G. Purchase or construction of new facilities.
- H. Utility costs.
- I. Overhead and indirect costs. "Indirect Costs" means those costs that are incurred for a common or joint purpose benefiting more than one cost objective and are not readily assignable to the funded project (i.e., costs that are not directly related to the funded project). Examples of Indirect Costs include, but are not limited to: central service costs; general administration of the Funding Recipient; non-project-specific accounting and personnel services performed within the Funding Recipient's organization; depreciation or use allowances on buildings and equipment; the costs of operating and maintaining non-project-specific facilities; tuition and conference fees; and, generic overhead or markup. This prohibition applies to the Funding Recipient and any subcontract or sub-agreement for work on the Project that will be reimbursed pursuant to this Agreement.
- 7. <u>METHOD OF PAYMENT.</u> Funds shall be disbursed to Funding Recipient after the disbursement requirements in Paragraph 4 "Basic Conditions" are met and in accordance with Exhibit B. Any funds provided in advance of actual expenditures shall be spent on Eligible Project Costs within six (6) months of disbursement from the State. Failure to provide adequate documentation on the use of any advanced funds shall constitute a material breach of this Agreement subject to the default provisions in Paragraph 9, "Default Provisions." Any funds not advanced in accordance with Exhibit B, the State will disburse to Funding Recipient, following receipt from Funding Recipient via electronic format invoice(s) for costs incurred and Quarterly Progress Reports as required by Paragraph 10, "Submission of Reports." Payment will be made no more frequently than quarterly, in arrears, upon receipt of an invoice bearing the Funding Agreement number.

Advance funds may be dispersed to Funding Recipient for eligible O&M activities as described in Exhibit B.

State will notify Funding Recipient, in a timely manner, whenever, upon review of an Invoice, State determines that any portion or portions of the costs claimed are not Eligible Costs or is not supported by

documentation or receipts acceptable to State. Funding Recipient may, within thirty (30) calendar days of the date of receipt of such notice, submit additional documentation to State to cure such deficiency(ies). If Funding Recipient fails to submit adequate documentation curing the deficiency(ies), State will adjust the pending invoice by the amount of ineligible or unapproved costs.

Invoices submitted by Funding Recipient shall include the following information:

- A. Costs incurred for work performed during the funding period identified in the particular invoice.
- B. Invoices shall be submitted on forms provided by State and shall meet the following format requirements:
  - i. Invoices must contain the date of the invoice, the time period covered by the invoice, and the total amount due.
  - ii. Invoices must be itemized based on the categories (i.e., tasks) specified in Exhibit B. The amount claimed for salaries/wages/consultant fees must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = the total amount claimed).
  - iii. One set of sufficient evidence (i.e., receipts, copies of checks, time sheets) must be provided for all costs included in the invoice.
  - iv. Each invoice shall clearly delineate those costs claimed for reimbursement from the State's funding amount, as set forth in Exhibit B.
  - v. Funding Recipient or their representative shall submit invoices and quarterly reports in electronic format to the following project manager: \_\_\_\_\_
    - at \_\_\_\_\_.

All invoices submitted shall be accurate and signed under penalty of law. Any and all costs submitted pursuant to this Agreement shall only be for the tasks set forth herein. The Funding Recipient shall not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs). Any eligible costs for which the Funding Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other eligible cost is illegal and constitutes fraud. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements of grant funds and/or termination of this Agreement requiring the repayment of all funds disbursed hereunder plus interest. Additionally, the State may request an audit pursuant to Paragraph D.5 and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability. (Civ. Code, §§ 1572-1573; Pen. Code, §§ 470, 489-490.)

8. WITHHOLDING OF DISBURSEMENTS BY STATE. If State determines that the Project is not being implemented in accordance with the provisions of this Funding Agreement, or that Funding Recipient has failed in any other respect to comply with the provisions of this Funding Agreement, and if Funding Recipient does not remedy any such failure to State's satisfaction, State may withhold from Funding Recipient all or any portion of the State funding and take any other action that it deems necessary to protect its interests. Where a portion of the State funding has been disbursed to the Funding Recipient and State notifies Funding Recipient of its decision not to release funds that have been withheld pursuant to Paragraph 9, the portion that has been disbursed shall thereafter be repaid immediately with interest at the California general obligation bond interest rate at the time the State notifies the Funding Recipient, as directed by State. State may consider Funding Recipient's refusal to repay the requested disbursed amount a contract breach subject to the default provisions in Paragraph 9, "Default Provisions." If State notifies Funding Recipient of its decision to withhold the entire funding amount from Funding Recipient pursuant to this paragraph, this Funding Agreement shall terminate upon receipt of such notice by Funding Recipient and the State shall no longer be required to provide funds under this Funding Agreement and the Funding Agreement shall no longer be binding on either party.

- 9. <u>DEFAULT PROVISIONS</u>. Funding Recipient will be in default under this Funding Agreement if any of the following occur:
  - A. Substantial breaches of this Funding Agreement, or any supplement or amendment to it, or any other agreement between Funding Recipient and State evidencing or securing Funding Recipient's obligations;

  - C. Failure to abide by the terms of the OMRR&R Agreement with the Central Valley Flood Protection Board.
  - D. Failure to make any remittance required by this Funding Agreement including any remittance recommended as the result of an audit conducted pursuant to Paragraph D.5.
  - E. Failure to submit timely progress reports.
  - F. Failure to routinely invoice State.

Should an event of default occur, State shall provide a notice of default to the Funding Recipient and shall give Funding Recipient at least ten (10) calendar days to cure the default from the date the notice is sent via first-class mail to the Funding Recipient. If the Funding Recipient fails to cure the default within the time prescribed by the State, State may do any of the following:

- A. Declare the funding be immediately repaid.
- B. Terminate any obligation to make future payments to Funding Recipient.
- C. Terminate the Funding Agreement.
- D. Take any other action that it deems necessary to protect its interests.

In the event State finds it necessary to enforce this provision of this Funding Agreement in the manner provided by law, Funding Recipient agrees to pay all costs incurred by State including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.

- 10. <u>SUBMISSION OF REPORTS.</u> The submittal and approval of all reports or invoices is a requirement for the successful completion of this Funding Agreement. Reports or invoices shall meet generally accepted professional standards for technical reporting and shall be proofread for content, numerical accuracy, spelling, and grammar prior to submittal to State. All reports or invoices shall be submitted to the State's Project Manager Via electronic mail provided. If requested, Funding Recipient shall promptly provide any additional information deemed necessary by State for the approval of reports. Reports shall be presented in the formats described in the applicable portion of Exhibit F. The timely submittal of reports verifying progress is a requirement for initial and continued disbursement of State funds. Submittal and subsequent approval by the State of a Funding Completion Report is a requirement for the subsequent release of any funds to the Funding Recipient in any Fiscal Year.
  - A. Quarterly Progress Reports: Funding Recipient shall submit Quarterly Progress Reports to meet the State's requirement for disbursement of funds. Quarterly Progress Reports shall be submitted to the State's Project Manager via electronic mail to the address provided. - 11. NOTIFICATION OF STATE. Funding Recipient shall promptly notify State, in writing, of the following items:
  - A. Events or proposed changes that could affect the scope, budget, work performed, or schedule under this Funding Agreement. Funding Recipient agrees that no substantial change in the scope of the O&M activities will be undertaken until written notice of the proposed change has been provided to State and State has given written approval for such change. Substantial changes generally include changes to the scope of work, schedule or term, and budget.
  - B. Any public or media event publicizing the accomplishments and/or results of this Funding Agreement and provide the opportunity for attendance and participation by State's representatives. Funding Recipient shall make such notification at least 14 calendar days prior to the event.
  - C. Discovery of any potential archaeological or historical resource. Should a potential archaeological or historical resource be discovered during implementation, the Funding Recipient agrees that all work in the area of the find will cease until a qualified archaeologist has evaluated the situation and made recommendations regarding preservation of the resource, and the State has determined what actions should be taken to protect and preserve the resource. The Funding Recipient agrees to implement appropriate actions as directed by the State.
  - D. The initiation of any litigation or the threat of litigation against the Funding Recipient regarding the Project or that may affect the Project in any way.

# American River Flood Control District Personnel Legal Counsel Selection Staff Report

# **Discussion:**

With the recent retirement of long time District Personnel Legal Counsel, Julia Jenness, the Personnel Committee has endeavored to identify a suitable replacement for this role. The Committee directed staff to issue a Request for Proposals to a selection of law firms that came highly regarded by Ms. Jenness. RFPs were sent to Boutin Jones, Downey Brand, Weintraub Tobin, and Delfino Madden.

The Committee met on January 12, 2021 to review the responses received from each of the four firms. After careful consideration, the Committee elected to narrow the consideration down to two firms. The Committee is now requesting a web meeting with the representative legal counsel from each remaining firm.

The Committee hopes to have a recommendation for the Board of Trustees at their February 2021 meeting.

# **Recommendation:**

The General Manager recommends that the Board of Trustees receive and file this report.

# General Manager's Meeting Summary December 2020

**12/2: Trane Controls Technician Site-Visit.** I met with Nick Herrera from Trane to discuss the District's existing HVAC control panel and options for upgrading our technology. Mr. Herrera looked at our tenant improvement plans and inspected our existing HVAC units. He will provide a proposal for upgrading to a new control panel.

# 12/3: DWR Local Maintaining Agency Coordination meeting.

participated in this meeting via teleconference to discuss the status of DWR inspections, USACE projects, and State grant programs. DWR indicated that Flood Fight Training will only be conducted on-line this year due to COVID restrictions.

# 12/9: ARFCD Roof Repair/Replacement Construction Meeting.

Superintendent Kawamura and I met with Don Mariano from Lionakis and Dennis Philips from Rua and Son to discuss completion of the roof project. The group walked through the building and developed a final punch list for items to correct. The list included finish work on the doors, a wall-pack light that was disconnected, and final wiring and controls for the roof vents.

# 12/10: Central Valley Flood Protection Board 'No Digging' Signs

**meeting.** I participated in this meeting via teleconference to discuss the State's desire to install 'no digging' signs along the levees to prevent unauthorized excavations. I suggested a reach of the District levees that would be suitable for a test reach to install signs. One goal of the State CVFPB is to perform the work as a maintenance item rather than pursue 408 approval from the US Army Corps of Engineers. This would entail having the signs mounted in a shallow footing to not extend past the 12-inch depth threshold that would trigger 408.

# **12/11: American River Flood Control District Board of Trustees meeting.** The Board met in regular session. The agendized items included

Oaths of Office for Trustees L'Ecluse and Shah and an encroachment permit application from the City of Sacramento to construct a paved recreation trail on or along the District levee in River Park.

# 12/14: Central Valley Flood Protection Board 'No Digging' Signs Site

**Visit.** Superintendent Kawamura and I participated in this site-visit to show staff from the CVFPB sections of the levee that would be suitable for 'no-digging' signs. The objective was to place signs at points of pedestrian

access to the levee system and in over-built or wide sections of the levee to allow a deeper footing for the sign.

**12/15: ARFCD Safety Committee meeting.** The District Safety Committee met to provide a quarterly review of District safety topics. Topics of discussion included the warehouse safety checklist, the Cintas Safety Management Tool software, training calendar, and confined space training.

**12/16: Central Valley Flood Control Association Board of Directors meeting.** This meeting was held via audio teleconference. Topics of discussion included Association financial reports, a year-end legislative summary report, and the State DWR General Fund funding request and 5-Year Plan.
