To the Board of Directors of ARFCD,

On behalf of the Butterfield Riviera East Community Association (BRECA), I would like to acknowledge the efforts of your employees, Ross Kawamura and Scott Webb.

BRECA is engaged in restoration projects in the Gristmill area of the American River Parkway. As you are well aware, many agencies are involved in such projects. So, we greatly appreciate Ross and Scott's positive participation in our planning activities. Fostering cooperation with all stakeholders in the community is good public policy.

Thank you,

Gay Jones, Co-Chair
