September 13, 2019 Sacramento, California

The Board of Trustees of the American River Flood Control District met in regular session in its office at 185 Commerce Circle, Sacramento, CA at 11:00 a.m. on Friday, September 13, 2019. In attendance were Trustee Holloway, Trustee Johns, Trustee Vander Werf and Trustee L'Ecluse. Trustee Shah was absent. Trustee Holloway presided. Also present from the District were General Manager (GM) Tim Kerr, Superintendent Ross Kawamura, Legal Counsel David Aladjem and Office Manager Malane Chapman. Two members of the public was present.

- *Item No. 1 Public Comments on Non-Agenda Items:* Brandon Rose introduced himself and asked the Board to support his nomination for LAFCo.
- Item No. 2 Approval of Consent Agenda Items: On a motion by Trustee Vander Werf seconded by Trustee L'Ecluse, the Board unanimously approved items 2a) Minutes of Regular Meeting on August 16, 2019, 2b) Approval of Report of Investment Transactions July 2019 (City Pool, LAIF, River City) and Treasurer's Certification, 2c) District Financial Reports: Statement of Operations (August 2019) and Cash Flow Report, 2d) Correspondence: None.
- Item No. 3 Accounts Payable and General Fund Expenses (August 2019): Trustee Johns requested clarification on payment to Bobcat Central. Trustee Vander Werf requested clarification on payment to Kent Arborist Services and Nordic Industries, Inc. Following explanation by staff and on a motion by Trustee Johns seconded by Trustee Vander Werf, the Board unanimously approved payments on the Schedule of Accounts Payable (August 2019) of \$76,606.82 and General Fund Expenses of \$159,819.18 (total aggregate sum \$236,426.00).
- Item No. 4 Two Rivers Trail Environmental Impact Report (EIR) and Public Records Act Request; a) Comment Letter on EIR, b) Public Records Act Request Osha Meserve and c) Draft District Response to Osha Meserve

Item No. 4a: Trustee Johns recused himself from the discussion of the Comment Letter on EIR (11:25 a.m. to 11:30 a.m.). Following explanation by staff and Legal Counsel Aladjem, Trustee Vander Werf moved the letter with the additional language and additional two photos seconded by Trustee L'Ecluse, the Board unanimously approved item 4a) Comment Letter on EIR. This item was heard out of order.

Items No. 4b and 4c: Trustee Vander Werf motioned that the Policy Committee meet to discuss current safety protocols seconded by Trustee Johns. Motion passed unanimously. These items were heard out of order.

Item No. 5 Confirmation of SAFCA Alternates: Following explanation by staff and on a motion by Trustee Johns seconded by Trustee Vander Werf, the Board unanimously pass

the motion to assign the SAFCA representative and alternates as such: Seat 1 Trustee Shah with Alternate Trustee Johns and Seat 2 Trustee Holloway with Alternate Trustee Vander Werf.

Item No. 6 Endorsement of CA Central Valley Flood Board Permit; Applicant: Dr. Lawrence Bass; Description: Repair bank protection site along American River located at 1622 McClaren Drive and request that permit 4902 issued to Jamee Eddy on April 5, 1965 be transferred to Dr. Lawrence Bass:

Item No. 7 Endorsement of CA Central Valley Flood Board Permit; Applicant: Marcy Friedman; Description: Repair bank protection site along American River located at 1620 McClaren Drive and request that permit 4902 issued to Jack Steiner on August 5, 1963 be transferred to Marcy Friedman:

Items 6 & 7 these items were heard together. GM Kerr explained how homeowners are looking to repair a portion of the bank protection site along the American River. GM Kerr recommended that the Board endorse the permits. On a motion by Trustee Johns seconded by Trustee L'Ecluse, the Board did not pass this motion. Trustee L'Ecluse motioned to endorse the permit as is with a letter that clearly states if any material changes occur, the application needs to be re-submitted to the Board for additional endorsement seconded by Trustee Vander Werf, the Board passed this motion. Trustee Johns amended the motion to ask the applicant to attend the next Board meeting to discuss further seconded by Trustee Vander Werf, the Board unanimously approved the motion.

The Board took a five-minute recess between 12:10 p.m. and 12:15 p.m.

Item No 8. Flood Maintenance Assistance Program (FMAP) Grant: a) Resolution Delegating Authority to sign Funding Agreement and b) Operations, Maintenance, Repair, Replacement & Rehabilitation (OMRR&R) Agreement: Following explanation by GM Kerr and Legal Counsel Aladjem, Trustee Johns moved staff recommendation to approve the Resolution and delegate authority to the President or General Manger to sign the Funding Agreement and the OMRR&R Agreement seconded by Trustee L'Ecluse, the Board approved the motion.

Item No 9. SAFCA OMRR&R Agreement for North Sacramento Streams Project: a) May 2018 Board Action-Approval and b) 2019 State Revisions: Following explanation by GM Kerr and Legal Counsel Aladjem Trustee Johns moved staff recommendation to sign the OMRR&R Agreement and if neccessary include a transmittal letter indicating the Local Maintaining Agency (LMA) understanding of OMRR&R seconded by Trustee L'Ecluse, the Board approved the motion.

Item No. 10 Administrative Staff Reports:

a) General Manager Tim Kerr reported on the following:

- General Manager's August Meeting Summary: Assembly Bill 137 Conference Call, CalPERS Prefunding OPEB Workshop and ARFCD Newsletter meeting were discussed;
- Steelhead Creek Cleanup;
- Magpie Creek Diversion Channel;
- Ground Penetrating Radar Contract;
- Hydrologic Conditions: Folsom Lake 74% of capacity with an outflow 2,716 cfs. The gauge at the I Street Bridge shows a water surface elevation of 9 feet above sea level;
- Next Board Meeting and District Tour is scheduled for October 11, 2019.
- b) Legal Counsel David Aladjem discussed SAFCA OMRR&R.
- c) Office Manager Malane Chapman had nothing further to report.

Item No. 11 Operations and Maintenance Staff Reports:

- a) Superintendent Ross Kawamura reported on:
  - Crew activities including camp cleanup, garbage cleanup, vegetation management, slope repair, erosion control, fence repair and mowing.

*Item No. 12 Questions and Comments by Trustees:* Trustee Vander Werf mentioned that she will be attending the Tahoe Park Spooktacular.

*Item No. 13 Adjourn*: There being no further business requiring action by the Board, the meeting was adjourned by Trustee Holloway at 1:00 p.m.

Attest:	
Secretary	President

## AMERICAN RIVER FLOOD CONTROL DISTRICT

# **MONTHLY REVIEW – JULY 2019**

# **STRATEGY**

The ARFCD funds are invested in the City of Sacramento's Pool A investment fund. The Fund is invested pursuant to the objectives and requirements set forth in the City's investment policy. The three objectives of the investment policy, in order of priority, are (1) the preservation of capital by the investment in safe instruments, (2) the liquidity needs of the City and pool participants so such parties will have access to cash when they need it, and (3) the maximizing of current income while remaining consistent with the other more important objectives. The City's investment policy incorporates applicable provisions of state law including, among other things, the prudent person standard and California Code Section 53601 pertaining to eligible investments.

# American River Flood Control District Central Valley Flood Protection Board Permit Applications 1620 & 1622 McClaren Road

# **Staff Report**

# **Discussion:**

The parcel owners at 1620 McClaren Road (Friedman) and 1622 McClaren Road (Bass) in Carmichael, California seek to obtain encroachment permits to construct bank protection work along their properties on the north bank of the American River. The proposed project is to remove existing gunnite bank protection that has failed and replace it with rock toe protection and Flexamat fabric on the bank slope. The work will require demolition and removal of the existing gunnite and then excavation to prepare the bank to install the Flexamat. The completed work with be planted with native grasses and pole cuttings.

The permit application also includes a request to have a name change on the original permits for bank protection issued to previous residents at these locations.

All of the work described in these applications is outside the levee prism and toe area and the work will not have an impact on the District levee.

## Recommendation:

The General Manager recommends that the Board of Trustees endorse both permit applications.

# TECHNICAL MEMORANDUM

TO: Mr. Jonathan Kors, PE

FROM: Mr. Jay Punia, PE

Mr. Chuck Hilliard, PE

DATE: October 8, 2019

SUBJECT: Project Description – Friedman and Bass Revetment Replacement Project

1620 and 1622 McLaren Drive, Carmichael, California

## INTRODUCTION

At the right bank of the American River near U.S. Army Corps of Engineers (USACE) River Mile (RM) 13.4, the gunite bank protection that was installed in early 1960s is failing and needs to be replaced with a more robust design. The attached exhibit shows the location and the initial design for restoring the erosion protection at this site. The gunite extends approximately 250 lineal feet along the bank line and includes Dr. Bass' and Mrs. Friedman's properties along the river. Dr. Bass's property extent is the upstream (approximately) 90 feet of bank line, while Mrs. Friedman's is the remaining downstream 160 feet. The vertical extents of the gunite extend from the toe of the slope below the low summer water levels up to the top of the river bank. Dr. Bass's pool and retaining wall are located near the top edge of the river bank, while Mrs. Friedman's fence, gate, and landscaped structures are located near the top of the slope.

The purpose of this Technical Memorandum is to provide the needed information for preparing the California Environmental Quality Act (CEQA/Nation Environmental Protection Act (NEPA) analyses, and describe the project to regulatory and permitting agencies.

# PROJECT DESCRIPTION

The proposed project will replace the existing gunite bank protection with Flexamat permanent erosion control mat for arresting erosion and for stabling the bank slope at this location. Based on the initial input from the Central Valley Flood Protection Board (CVFPB), two separate permit applications will be submitted. Application number one (on behalf of Dr. Bass) will cover a portion located approximately 90 feet (upstream) of the project, and a second application (on behalf of Mrs. Friedman) will cover the remaining 160 feet.

## SITE CHARACTERISTICS

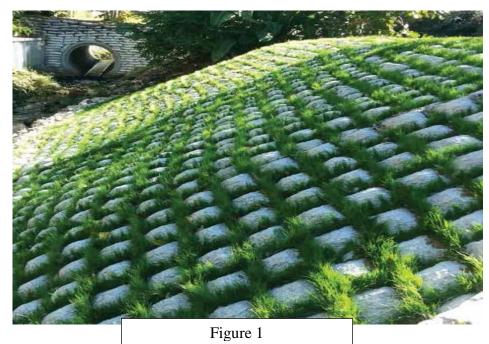

- The banks are steep at this location and could become steeper with increased scour at the toe of the bank.
- Flow velocities are very high at or above the toe of the bank.
- Bank material can be mobilized at all flows.
- Toe scour is possible at the estimated velocities, which could encourage bank failure.
- Erosion behind the gunite wall is evident and with continued failure of the gunite wall could become worse.
- Further erosion and bank failure would likely lead to structural damage of Dr. Bass's retaining wall and pool, as well as Mrs. Friedman's staircase, fence, and lawn.

# PROPOSED DESIGN

As shown in attached Project Overview drawings C-301, C-302 and C-303, the existing gunite structure would be removed. Flexamat will be laid over the slope. The subgrade prepared for placement of matt shall be smooth and free of all rocks, sticks, roots, other protrusions, or debris of any kind.

Flexamat is a permanent erosion control mat utilized for stabilizing levee slopes, channels, low water crossings, inlet/outlet protection, and shorelines. It consists of concrete blocks (6.5" x 6.5" with a 2.25" profile) locked together and embedded into a high strength geogrid. There is 1.5" spacing between the blocks that gives the mat flexibility and allows for optional vegetation growth. The mat is packaged in rolls, making transporting and installing Flexamat efficient. **Figure 1** shows the Flexamat providing erosion protection to a waterside slope of a channel.

To secure the toe, launch-able rock will be placed between the existing concrete block and along the slope up to 6 feet from the existing ground surface.

Once the Flexamat has been installed the overall site would be revegetated with a combination of pole cuttings near the upper slope and native grass plugs (e.g. creeping wild rye plugs) established within the interstitial spaces of the Flexamat blocks. The vegetation will provide an number of important functions and benefits including: mitigating for potential aquatic habitat impacts of the proposed work below the ordinary high water mark (likely a condition of permits required by the Resource Agencies); an aesthetic benefit to the proposed project by providing cover over the concrete blocks that would acknowledge the importance of the wild & scenic character of the Lower American River; and an added slope stability/erosion protection benefit from reduced velocities and improved soil sheer strength (plant roots) to the overall project design.

The proposed design is based on velocities and shear stresses reflected in the Northwest Hydraulic Consultants (NHC) Report (December 6, 2019).

# **ACCESS**

The project site is accessible from Mrs. Friedman's property through a gate near the top of the slope and down concrete steps constructed into the gunite protection. There is no existing access for construction equipment to reach the bottom of the steep slope through Mrs. Friedman's property. Dr. Bass has a small boat ramp that passes through the upstream extent of the gunite protection. The boat launch connects to Dr. Bass's driveway and is a feasible location for equipment access to reach the bottom of the slope.

# **CONSTRUCTION SEQUENCE**

The original gunite bank protection will be removed and hauled away from the project site, with the exception of the concrete anchor block at the waterside toe of the riverbank. The anchor block will remain in its current location, or will be relocated (shifted laterally) as necessary to accommodate the placement of the angular launch-able rock revetment at the toe.

Construction Sequence will be as follows:

- 1. Clear all debris and vegetation from the riverbank slope.
- 2. Prepare subgrade surfaces for placement of mats. The subgrade shall be smooth and free of all rocks, sticks, roots, other protrusions, or debris of any kind.
- 3. Install Flexamat rolls on the slope that are 15' wide with a 18" geogrid extension.
- 4. Install mats so that the matting extends 36" past crest of slope, if possible.
- 5. The top edge and upstream/downstream sides of mat shall be embedded 24".
- 6. Secure overlap seams in 2' increments using cross-plate percussion anchors. Anchors shall penetrate through the upstream mat and geogrid extension from adjacent downstream mat.
- 7. Fill and compact termination trench with cohesive soil or concrete.
- 8. Install cross-plate percussion anchors in 2' increments along the initial upstream edge of armor.
- 9. Establish vegetation on finished slope.

Topsoil materials may be added to facilitate vegetative growth.

# CONSTRUCTION SCHEDULE

<u>Activity</u>	Month/Year
Permits	October 2019–April 2020
Advertise Const. Contract	May–June 2020
Actual Construction	June-Sept. 2020

# **EQUIPMENT**

Construction Phase	Number of Each Equipment Type	Duration of Use (Days)
Removing and hauling existing gunite bank protection	Excavator with demolition attachment (hydraulic hammer), skid-steer loader, front-end loader, hauling trucks (1-2).	5-7 days
Clearing and grubbing/ stripping	Front-end loader, skid-steer loader, haul trucks, pickup trucks	5-7 days
Placing Flexamat over prepared slope	Manual labor, Front-end loader, excavator, haul trucks, and backhoe	5-7 days
Placing angular launch-able rock at the toe	Front-end loader, skid-steer loader, haul trucks, pickup trucks, Manual labor	3-5 days

# MATERIALS DELIVERY

Typical deliveries and hauling for the project would include the rock for launch-able toe-protection, Flexamat rolls, and bedding material needed to reconstruct the bank slope. The existing gunite and demolition debris would be hauled away to the nearest disposal site.

The project will require approximately 150 cubic yards (about 300 tons) of rock to be imported and installed for the toe protection, approximately 11,400 square feet of Flexamat rolls, and approximately 115 tons of gunite and concrete will be demolished and removed from the site. These numbers will be revised once the design is finalized.

# American River Flood Control District Central Valley Flood Protection Board Permit Application 5732 Coda Lane

#### **Staff Report**

#### **Discussion:**

The parcel owner at 5732 Coda Lane in Carmichael California seeks to obtain an encroachment permit to perform a home remodel and install a swimming pool at a parcel within the American River Floodway. The parcel is on the water side of the American River North Levee upstream of Arden Way.

The application includes work to make additions to residential structure and install a swimming pool within the floodway. The structure will remain at the same elevation as it is currently and neither the structure nor the proposed pool will encroach into the waterside setback zone of the levee. The proposed features will not impact the integrity of the levee nor impact operations and maintenance activities of the District.

#### Recommendation:

The General Manager recommends that the Board of Trustees endorse the permit application.

### ENVIRONMENTAL ASSESSMENT QUESTIONNAIRE FOR APPLICATIONS FOR CENTRAL VALLEY FLOOD PROTECTION BOARD ENCROACHMENT PERMITS

This environmental assessment questionnaire must be completed for all Central Valley Flood Protection Board applications. Please provide an explanation where requested. Incomplete answers may result in delays in processing permit applications. Failure to complete the questionnaire may result in rejection of the application.

1.	Has an environmental assessment or initial study been made or is one being made by a local or State permitting agency in accordance with the California Environmental Quality Act? Yes No  If yes, identify the Lead Agency, type of document prepared or which will be prepared, and the State Clearinghouse
	Number:
2.	Will the project require certification, authorization or issuance of a permit by any local, State or federal environmental control agency? ✓ Yes ☐ No
	List all other governmental permits or approvals necessary for this project or use, including U.S. Army Corps of Engineer' 404and Section 10 permits, State Water Quality Certification, Department of Fish and Game 1600 agreement, etc. Attach copies of all applicable permits.
	Garmanto Courty
3.	Give the name and address of the owner of the property on which the project or use is located. Please submit a copy of your current Title Report (Grant Deed), if your proposed project includes a private residence.
4.	Will the project or use require issuance of a variance or conditional use permit by a city or county?  [] Yes  No  Explain:
5.	Is the project or use currently operating under an existing use permit issued by a local agency?  Yes  Explain:

# ENVIRONMENTAL ASSESSMENT QUESTIONNAIRE FOR APPLICATIONS FOR CENTRAL VALLEY FLOOD PROTECTION BOARD ENCROACHMENT PERMITS

6.	Describe all types of vegetation growing on the project site, including trees, brush, grass, etc.
7.	Describe what type of wildlife or fish may use the project site or adjoining areas for habitat, food source, nesting sites, source of water, etc.
8.	Has the Department of Fish and Game, U.S. Fish and Wildlife Service, or National Marine Fisheries Service been consulted relative to the existence of, or impacts to, threatened or endangered species on or near the project site?  Yes  No  Explain:
9.	Will the project or use significantly change present uses of the project area?  Yes  Explain:
10.	Will the project result in changes to scenic views or existing recreational opportunities?  Yes  Explain:
11.	Will the project result in the discharge of silt or other materials into a body of water?  Yes  No  Explain:

# ENVIRONMENTAL ASSESSMENT QUESTIONNAIRE FOR APPLICATIONS FOR CENTRAL VALLEY FLOOD PROTECTION BOARD ENCROACHMENT PERMITS

12.	. Will the project involve the application, use, or disposal of hazardous materials? Yes No If yes, list the types of materials, proposed use, and disposal plan. Provide copies of all applicable hazardous material handling plans.
13.	Will construction activities or the completed project generate significant amounts of noise?  Yes No Explain:
14.	Will construction activities or the completed project generate significant amounts of dust, ash, smoke, fumes, or odors?  Yes  No  Explain:
	Will the project activities or uses involve the burning of brush, trees, or construction materials, etc?  Yes  Explain, and identify safety and air pollution control measures:
	Will the project affect existing agricultural uses or result in the loss of existing agricultural lands?  Yes  Explain:

# ENVIRONMENTAL ASSESSMENT QUESTIONNAIRE FOR APPLICATIONS | Item 6 | FOR CENTRAL VALLEY FLOOD PROTECTION BOARD ENCROACHMENT PERMITS

17	. Ha	ave any other projects similar to the proposed project been planned or completed in the same general area as the oposed project?
	M	Yes ☐ No
•	Ex	Yes UNO plain and identify any other similar projects: Frepenty next door(Lasher)
18		Il the project have the potential to encourage, facilitate, or allow additional or new growth or development?  Yes  No  plain:
19.	Wil	Il materials be excavated from the floodplain?   Yes No If yes, please answer the remaining questions.  THE REMAINING QUESTIONS MUST ONLY BE ANSWERED IF THE ANSWER TO QUESTION NO. 19 WAS "YES". IF THE ANSWER TO QUESTION NO. 19 WAS "NO", YOU DO NOT NEED TO COMPLETE THE REMAINING QUESTIONS.
	Α	What is the volume of material to be excavated?
	,	Annually Total
	В.	
	C.	Will the project site include processing and stockpiling of material on site?  ☐ Yes ☐ No  Explain:
	D.	What method and equipment will be used to excavate material?

# ENVIRONMENTAL ASSESSMENT QUESTIONNAIRE FOR APPLICATIONS | tem 6 | FOR CENTRAL VALLEY FLOOD PROTECTION BOARD ENCROACHMENT PERMITS

E.	What is the water source for the project?
F.	How will waste materials wash water, debris, and sediment be disposed of?
G.	What is the proposed end land use for the project site?
Н.	Has a reclamation plan been prepared for this site in accordance with the Surface Mining and Reclamation Act of 1975?
	☐ Yes ☐ No If yes, please attach a copy.

### American River Flood Control District Ground Penetrating Radar – Subtronics Contracts

#### Staff Report

#### Discussion:

The District has been working with the State of California Department of Water Resources through their Deferred Maintenance Progject (DMP) grants to inspect eligible levee pipes within the District. Part of the effort entails making a determination on the status of numerous 'not found' pipes within the State's database. Initially there were approximately 100 not found pipes within the District, but consultants with Mead & Hunt Engineers reviewed as-built levee plans to determine that a portion of the pipes were removed by past levee construction or were not found during levee excavations. The remaining locations of 'not found' pipes are eligible for grant funding to be examined through Ground Penetrating Radar (GPR) to see if some feature or evidence exists underground that could be the suspected levee pipe.

The materials for this agenda item include a contract to perform GPR on 51 locations of 'not found' pipes within the District. The costs for this work are to be reimbursed by the State under the DMP grant program.

This item also includes two additional GPR contracts to investigate other areas of concern for the District. They include:

- The seepage site witnessed at the confluence of the Arcade Creek North Levee and the NEMDC East Levee in 2017 and 2019
- 2. The sinkhole that developed on the American River South Levee at H Street in 2019

The GPR information for both of these sites will yield valuable information for engineers studying the sites at the request of the District.

#### Recommendation:

The General Manager recommends that the Board of Trustees approve the contracts for Ground Penetrating Radar with Subtronics.

INCLUSIONS: Metallic utilities i.e. electric, telephone, gas and water. Non metallic utilities with tracer wire visible. Sewer and drain lines with minimum 4" cleanout or manhole access will be located by inserting a transmitter.  DEPTHS of utilities will be provided where possible. Instrument readings are deemed within 10% accuracy. Critical depths may require potholing (not included in this proposal, but available on request).							
ASSUMPTIONS:  1. We assume access will be granted to all places requiring admission for the purpose of tracking and identifying the utilities.  2. We assume that any existing utility drawings will be made available.  3. We assume Underground Service Alert will be notified prior to excavation.  4. We assume boring locations or areas of excavation will be marked on site prior to our arrival.  5. Unless noted otherwise we assume this is not a prevailing wage project and we are not obligated to a project labor agreement.  6. UPRR Permit and Insurance costs will be acquired and paid for by Client.

### SACRAMENTO LOCAL AGENCY FORMATION COMMISSION 1112 I Street, Suite 100 •Sacramento, CA 95814• (916) 874-6458• Fax (916) 874-2939

DATE:

September 24, 2019

TO:

Special Districts' Selection Committee

FROM:

Donald Lockhart, Executive Officer

RE:

**Selection of Special District Commissioner** 

Term of Office: January 1, 2020 to December 31, 2023

and Selection of Alternate Special District Commissioner

Term of Office: January 1, 2020 to December 31, 2021

for the Sacramento Local Agency Formation Commission

Pursuant to the provisions of Section 56332 of the Government Code, the Executive Officer has determined that a meeting of the Special District Selection Committee for the purpose of selecting a Special District Commissioner [Office No. 6] and Alternate Special District Commissioner [for Offices No. 6 & 7] to serve on the Sacramento Local Agency Formation Commission is not feasible. Based on past experience, due to the size of the Special District Selection Committee, it has been difficult to establish a quorum. Therefore, the business of the Special District Selection Committee will be conducted in writing, as provided in the cited section code.

#### Please see the attached Ballot

Please select <u>one</u> candidate for Special District Commissioner and <u>one</u> candidate for Alternate Special District Commissioner.

Please return the ballot to the LAFCo office no later than:

#### 4:00 P.M. on THURSDAY, NOVEMBER 21, 2019

To be valid, selection of a candidate must be done by a majority vote of the governing board of an Independent Special District in an official meeting of that board and certified by the secretary or clerk of the board.

Any ballot received after the date specified above shall not be valid. The candidate who receives the most votes will be determined the winner outright. In the event of a tie, there will be a run-off selection held in the same format as the initial selection. The LAFCo Executive Officer will announce the results of the selection within seven days of the specified date.

If you have questions, please contact Sacramento LAFCo at (916) 874-6458.

Return ballot to: Sacramento LAFCo 1112 "I" Street; Suite 100 Sacramento, CA 95814

or e-mail to: Diane. Thorpe@SacLAFCo.org

Jason A. Green

Seven-year resident of Rio Linda.

Appointed Board Member for Rio Linda Elverta Community Water District in February 2019.

Currently employed as an electrician in IBEW Local 340 and have been an electrician in the construction industry for 30-years.

President of the Rio Linda/Elverta Historical Society. Member of Rio Linda Grange and participate in several non-profit community benefit organizations, e.g. Rio Linda Food Closet.

#### **SUMMARY**

Information Technology Professional proven experience including roles as a manager, project manager, systems analyst, systems integrator and software developer of systems in the mainframe and midrange environments. Experienced in all stages of software development life cycle, from analysis through implementation. Successfully managed numerous projects and led teams in system & vendor selection, analysis of business requirements, vendor management, system development & implementation. Strengths include:

- Project Manager
- Vendor Management
- Systems Integration
- Database Analysis

- Application Architecture
- System Analysis
- Software Development Lifecycle
- Managing Projects Across Technologies

Elected to Arcade Creek Recreation and Park District 2014

- Serve as Chair 2015
- Serve as director 2016
  - Lead in the Master Plan project
- Serve as Secretary/Treasurer 2017

#### PROFESSIONAL EXPERIENCE

**CSAA IG,** Glendale AZ Previously, CSAA, San Francisco, CA

1993-Present

AAA Membership and Insurance Co.

#### **Project Manager**

2002 - Present

As an EDS/HP employee supporting CSAA (outsourced in 1996), led projects involved in mainframe upgrades and support activities.

- Created proposal to upgrade all application software to a consistent and supportable level. The application software would not be supported under the new operating system (the environment was scheduled to be upgraded). Worked with leadership to document proposal and create the accepted SOW. (Project size >65K staff hours)
- Managed teams' efforts associated with the application. Assumed role as the Technical Lead and Application Architect. Needed to allow concurrent business changes to occur while upgrading the infrastructure. Delivered a consolidated toolset for mainframe application support including the customized Configuration Management tool, the approach to managing DB2, and the build process itself.

- Reviewed infrastructure requirements and worked with senior management to create an accepted SOW to upgrade the system software.
- Managed a multi-stage mainframe software upgrade the environment to supported levels. Managed the efforts of EDS, Mphasis, and CSAA teams to upgrade the environment with minimal interruption to the business.
- Technical lead for the CSAA account for the mainframe portion of the Data Replication Project by providing stats and coordinating various teams. In addition, provided communication and follow-through for questions/concerns related to the midrange portion of the effort. Help to coordinate the efforts to deliver a successful data replication environment where the mainframe and midrange have replication in place for Disaster Recovery purposes.
- Manage mainframe hardware upgrades. Managed 4 mainframe CPU upgrades for the CSAA account. The scope included the coordination of the teams, the actual upgrade itself, and validation all components would continue to support the business/applications in the new environment as they did on the current hardware including the encryption coprocessor.
- Manage mainframe system software upgrades. Managed migrations from IBM OS/390 through z/OS 1.13, DB2 v7 through DB2 v10, and similar upgrades to CICS, Datacom, and the infrastructure in general. Each major upgrade required a level of acceptance testing and burn-in prior to moving the upgrades to production.

**Team Lead** 1996 – 2002

As a Systemhouse/MCI/WorldCom employee supporting CSAA (outsourced in 1996), led teams addressing improvements in the Travel/Touring and Membership area.

- Coordinated the install of the TripTik system developed by the AAA National team to automate the Tourbook and map process used to support members in their travels. This was a client-server app where workstations would communicate to a SUN Sparc back-office server.
- Lead the development of the processes internal to CSAA to handle "vanity cards." This is the AAA VISA cards for the CSAA members which allowed them to autopay their membership. Later, added the capability to Autopay their insurance premiums as well.
- Scheduled to manage the Claims replacement project (HAL), a Client-Server application. Studied the architecture and status with the current PM who then was able to stay and complete the project.

### **Team Lead** 1993 – 1996

Managed team supporting Travel and Touring

 Brought onboard to support the project replacing all Membership, Insurance, and Claims. The architecture of the system was client-server based with the data storage being DB2 on the mainframe and the client residing on workstations running OS/2 and communicating to the mainframe. Directed the efforts of the Membership team (and supported other team's efforts) related to productionalizing the system. Education: BA in Management, St. Mary's College, Moraga CA.

Galt, CA 95632

lindsey@heraldfire.com

#### Education

#### BACHELOR OF SCIENCE | 2008 | CAL POLY SAN LUIS OBISPO, CA

Major: Agricultural Business

Minor: Wine & Viticulture

· Concentration: Fair & Event Planning and Marketing

#### **Experience**

#### EXECUTIVE DIRECTOR | SACRAMENTO COUNTY FARM BUREAU | MARCH 2018 - PRESENT

- Manage all organizational functions including personnel, budget, legislative advocacy,
   communications and membership development.
- Responsible for event management for fundraising events, membership recruitment activities and business member development.
- Manage Board of Directors, committees and advisory groups within the organization.

### PROGRAM DIRECTOR | CALIFORNIA FARM BUREAU FEDERATION | DECEMBER 2013 - MARCH 2018

- Managed the Young Farmers & Ranchers and Leadership Farm Bureau programs including committee development, leadership development, event planning and fundraising.
- Assisted with marketing campaigns and membership development efforts for the statewide organization.
- Responsible for organizing conferences, meetings and agricultural tours for members and legislative officials.

#### PROGRAM COORDINATOR | SACRAMENTO COUNTY FARM BUREAU | JANUARY 2012 - DECEMBER 2013

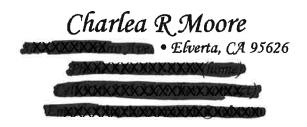

- Responsible for various member programs and events within the county including safety seminars, fundraising dinners, legislative tours and educational presentations.
- Responsible for organizing events, fundraising efforts and membership recruitment.

### MARKETING CONSULTANT | CALIFORNIA SPECIALIZED TRAINING INSTITUTE | JUNE 2008 – JULY 2013

- Managed marketing efforts for the training division of the Governor's Office of Emergency Services.
- Responsible for course catalog, course marketing, website and social media functions.
- Assisted in curriculum development for federal grant funding applications.

### **Community Involvement**

- Board Chair, Herald Fire Protection District Elected to 4-year term in 2016
- Member, Protest Provisions Rewrite Working Group, CSDA/CALAFCO 2019
- Alternate Representative, Sacramento Central Groundwater Authority 2018 present
- Member, Sacramento LAFCo Special District Advisory Committee 2019
- President, Sacramento Farm Bureau Foundation for Ag Education 2015 present
- President, National Sigma Alpha Educational Foundation 2019
- Past President, Sigma Alpha National Sorority 2012-2016

#### Applicant Statement for the Special District LAFCO Representative

I moved from Glassboro New Jersey to Rio Linda Elverta in 1981, along with my 3 year old daughter and my husband.

Almost immediately I became involved with Sacramento County Service Area #3 which was the forerunner of our current independant Parks and Recreation District serving the Rio Linda Elverta Communities. This involvement was the result of reading a statement in the local paper, indicating that the Parks Advisory Board had determined that there were sufficient equestrian trails in the area. I was very happy to advocate for additional trails and in the process begin my education in local governance processes.

Over the next several decades I was appointed to numerous County and Local advisory boards, steering committees and ad hoc committees. My interest expanded to include growth issues, flood issues and agriculture/suburban/urban issues.

I learned a great deal about how government works and how Special Districts fit into the process. I became a strong advocate for local governance after going through 3 incorporation attempts in the Rio Linda Elverta communities and in the education process I switched from anti-incorporation to pro-incorporation for unincorporated communities.

In about 1992 I was appointed to the RLE CPAC in and served during the Community Plan Update. I am familiar with the governance process and with procedures for arriving at a decision as a board member. I have served several terms on CPAC under four different County Supervisors since that initial appointment. All of these experiences were very educational for me.

In 2002 I successfully ran for the Rio Linda Elverta Recreation and Parks District. I truly enjoyed and have greatly benefited from the experience of becoming an elected board member. I ran again in 2016 and am currently serving as Secretary for the RLE Recreation and Parks District.

I believe that my history in the community and experience as an elected public official will be an asset for Special Districts as a LAFCO Special District Board member.

Thank you,

Charlea R Moore

Thank you for consideration as the Special District Commissioner to the Sacramento Local Agency Formation Commission (LAFCO). As fellow governing board members, I know you understand the vital role our special districts serve in Sacramento. Our agencies provide a diverse set of unique services across the County and we are called on time and time again when our communities are in need. I believe that as special districts, we have our hands on the pulse of our diverse populace and it is critical that our unique voice, insights and interests be strongly represented on the Commission. That is why I consider representing special districts on a regional body such as LAFCO a vitally important role. Please find my professional and academic qualifications as well as dedication to public service below. Thank you for your support and please don't hesitate to contact me directly at 916-844-5510 if I can be of service or you have any questions.

### PUBLIC SERVICE

### **2017 - CURRENT**

### **DIRECTOR, SACRAMENTO MUNICIPAL UTILITY DISTRICT, WARD 1**

As a board member, I work with my fellow directors to establish policies and values about how the organization best represents the community. The Board sets the budget (\$1.75 billion), governance structures, the long-term strategic direction and monitors compliance. I actively engage the public, strategic partners and government organizations across a spectrum of issues.

### 2008 - 2017

### **DIRECTOR. FAIR OAKS RECREATION AND PARK DISTRICT**

As an elected member of the Board of Directors and past chair, I worked in conjunction with the district administrator to determine long term policy development and strategic planning. As former chair of the Personnel and Management Committee I was responsible for updates to personnel policies as well as negotiations with the employees association and management. As chair of the Finance and Budget Committee, I direct the drafting and approval of the annual budget. In addition, as board chair, I focused on completion of a long term master plan.

### 2011 - 2019

# CHAIR & SPECIAL DISTRICT REPRESENTATIVE, SACRAMENTO COUNTY TREASURY OVERSIGHT COMMITTEE

The Special District Representative is elected by the region's local governments to oversee the County's pooled investment funds, which total approximately \$4 billion. Duties include review of the annual investment policy; quarterly review of investments; and causation and review of an annual portfolio audit. Board Chair 2014-2018.

### 2010 - 2011

**MEMBER,** SPECIAL DISTRICT ADVISORY COMMITTEE; SACRAMENTO COUNTY LOCAL AGENCY FORMATION COMMISSION

Item 8

The advisory committee provided a forum for valuable learning and information exchange with LAFCO staff.

### WORK EXPERIENCE

### **2007 - CURRENT**

### AIR POLLUTION SPECIALIST, CALIFORNIA AIR RESOURCES BOARD

Duties in the Mobile Source Control Division include research, analysis and development of public health regulations including economic analysis, emission modeling as well as report, database, and training development. My current focus is on commercial fleet electrification and supporting the adoption of battery and fuel cell trucks and buses.

### 2004 - 2007

### **ENERGY SPECIALIST, CALIFORNIA ENERGY COMMISSION**

I was lead for the Solar Rebate program's Performance Based Incentive pilot and managed the list of eligible equipment. In addition, I co-authored the New Solar Homes Partnership Program and the Emerging Renewables Program Guidebooks. I was a member of the California Solar Initiative Submetering Committee Working Group, as well as the Office of the State Fire Marshal Photovoltaic Building Standards Task Force. Activities included presenting at Solar Power International Conference, the California Council for Affordable Housing, and testifying at California Public Utilities Commission proceedings

#### 2003 - 2004

### RESEARCH ASSISTANT IV (HYDROLOGY), UC DAVIS

I conducted fluvial geomorphologic surveying and data collection of Sierra Nevada streams in the Feather River watershed as part of a larger CalFed Bay Delta effort.

### 1998 - 2002

### **ASSISTANT POOL MANAGER, SUNRISE RECREATION & PARK DISTRICT**

Duties included working with the management team to ensure smooth operation of the aquatic division.

### **EDUCATION**

### 2004

### ENVIRONMENTAL POLICY ANALYSIS & PLANNING, UC DAVIS

Specialization in City and Regional Planning with a focus in Public Lands Management and Land Use Planning.

Study Abroad in Wilderness & Natural Area Management, University of Tasmania, Australia

### **MEMBERSHIPS**

- Professional Engineers in California Government
- Young Professional in Energy
- Environmental Council of Sacramento (Past President)

# Michael T. Yearwood Rancho Cordova, CA 95670

### **Experience Summary:**

Customer Service Leader with over ten years of experience with direct customer problem solving within the health insurance industry. Expert level experience with hiring, training, staff retention, process improvement projects, managing deadlines and increasing production of teams.

### **Health Net of California**

### 2016-2019

### **Claims Supervisor - Performance Team**

- Supervise a team of 17 Claims Analysts
- Coach and mentor staff to exceed expectations
- Responsible for talent and performance management of Claims Team
- Daily operational leadership and support through work distribution and monitoring
- Coordinate with scheduling to assist with daily forecast ensuring accurate staffing coverage
- Identify individual performance gaps to recommend and implement action plans that achieve desired result
- Monitor daily productivity through the Macess System
- Collaborate with peers and managers on process improvements

## State of California - Health Benefits Exchange (Covered California) Supervising Program Technician III

2015-2016

- Supervise a team of 15 Customer Service Representatives
- Coach and mentor staff to exceed expectations
- Assist representatives with questions regarding health plan options and policy and procedures
- Research and resolve escalated calls from consumers

### **Service to My Community**

Cordova Recreation and Park District (Board Chairperson)

2015-Present: Director

As a Cordova Recreation and Park District (CRPD) Board Member I am responsible for the budget and for setting policies that safeguard the vitality of the district. The five non-partisan members of the Board of Directors are elected to four-year terms by residents located within CRPD's boundaries. The elected board is held accountable to the following laws that govern public officials: The Brown Act, California Public Records Act, FPPC Reporting Requirements and biannual ethics training.

### Specific functions and duties of my role as a Board Director are:

- 1. To perform its legal responsibility.
- 2. To set up by-laws, regulations and operation procedures
- 3. To select, employ, and if necessary, dismiss the District Administrator.
- 4. To control the operating budget, the financial plans and the insurance program.
- 5. To care and maintain property.
- 6. To be responsible for program.
- 7. To assure personnel policies.
- 8. To maintain good public relations.
- 9. To appoint, commission, supervise and receive reports from committees and the District Administrator.

### **BOARD MEMBERS RESPONSIBILITIES**

- 1. Board members should understand the significance and importance of recreation in the community.
- 2. Board members should be aware of the relationship of the recreation services to other community services.
- 3. Board members should look objectively at their specific responsibility as board members and at local community recreation needs, and keep abreast of changing conditions, continuously reassessing their efforts and reasons for service.
- 4. Board members should have the courage to resist pressures of all types and insist upon high standards for their agencies, particularly in regard to competent, professional personnel.
- 5. Board members should be aware of their role as board members, acting in concert with their fellow board members without usurping the functions of the District Administrator.

### Herald Fire Protection District

October 1, 2019

Dear American River Flood Control District Board of Directors.

As a candidate for the open Independent Special District Commissioner and Alternate Commissioner vacancy, I wanted to introduce myself to you and your Board. I am currently the Chairperson of the Herald Fire Protection District Board of Directors and have been since April 2017. I have been a Board member since my appointment in December 2015 and elected to a four-year term in 2016. Throughout my tenure on the HFPD Board, it is no secret that our District has overcome many challenges and obstacles. I am proud of what we have accomplished in such a short amount of time, but more so in how our District is choosing to tackle new obstacles, including becoming more engaged within our community and industry. My decision to pursue this position, is purely from my desire to continue to give back to the community, represent our District and the various special districts in Sacramento County and to further be a voice for issues that uniquely affect us and our constituents.

As my resume describes, I am currently the Executive Director of the Sacramento County Farm Bureau, a non-profit, non-governmental organization representing farmers and ranchers in Sacramento County. I am well versed in issues focusing on the many facets of water, land use and planning, open space preservation and community development.

Additionally, I currently serve on Sacramento LAFCo's Special District Advisory Committee and on a working group focusing on protest thresholds with California LAFCo and the California Special Districts Association. I value the opportunity to participate in larger industry groups, while representing my small rural district. Through these collaborations, I am not only able to expand my own understanding of the challenges facing our Districts, but also discover how we can further partner on issues affecting all of us. These collaborations are key to developing strong working relationships and I look forward to continuing to expand my participation in these areas.

Special District representation on LAFCo is critical, as our District's services are vital to our communities. Whether we are focusing on fire prevention and suppression, recreational access, cemetery services or water service and delivery, our work is critical to the success and sustainability of our local communities and our larger network countywide. We each are an important component in our county, regardless of our size or influence, and our unique needs should be recognized and celebrated as an essential part of each of our communities.

I am available to meet with your Board and/or staff, should you have any questions about me, my background, or my commitment to representing special districts. I sincerely appreciate your consideration for this position and value the work you do in your community.

Sincerely,

Andrep P, Lieting

Lindsey Liebig, Chairman of Board of Directors

Herald Fire Protection District

# Sourcewell Contract 120716-NAF, 2020 Ford Super Duty F-250 SRW XL \$WD SuperCab 6.75' Box 148" WB

### **Staff Report**

### **Discussion:**

State law requires that purchases over \$25,000 must be made through a public bidding process. This ensures that public funds are spent on items at the best available price. In the past, the District has acquired large equipment through solicitation of public bids or through cooperative purchasing programs such as the CA Multiple Award Schedule or Sourcewell. Cooperative purchasing programs have already bid the items for sale publicly and include discounted rates based on collective bidding.

The District recently obtained a cost quote for a 2020 Ford F-250 at the Sourcewell cooperative purchasing rate, \$36,709.18.

Super Duty F-250 SRW (X2b) XI 4WD SuperCab 6.75' Box 148" WB

### Recommendation:

The General Manager recommends that the Board of Trustees approve the purchase of a Ford F-250 from Sourcewell.

# General Manager's Meeting Summary September 2019

- **9/4: LAR Bank Protection Working Group meeting.** I attended this meeting to hear updates on the proposed bank protection site designs for Howe Avenue, River Park, and Campus Commons.
- 9/9: Steelhead Creek Clean-up Planning meeting. Superintendent Kawamura and I met with representatives of Sacramento City Parks, the State Department of Fish and Wildlife, State DWR, RD 1000, and the Central Valley Regional Water Quality Control Board to discuss ongoing cleanup responsibilities within Steelhead Creek.
- **9/11: Pre-season Flood Coordination meeting.** Superintendent Kawamura and I attended this annual meeting to review various roles and responsibilities of local flood control agencies.
- **9/12: Local Maintaining Agency Coordination meeting.** Superintendent Kawamura and I attended this meeting to discuss the status of DWR inspections, USACE projects, and State grant programs.
- 9/13: American River Flood Control District Board of Trustees meeting. The Board met in regular session. The agendized items included encroachment permits for bank protection at McClaren Drive, a resolution for entering into agreements with the State for the FMAP grant, and an OMRR&R Agreement for the North Sac Streams project.
- **9/18: USACE Levee Inspection Field Training.** I met a group of US Army Corps of Engineers' employees on the levee at Dry Creek to provide a briefing on the activities and responsibilities of a Local Maintaining Agency.
- 9/18: Central Valley Flood Control Association Board of Directors meeting. I attended this meeting to coordinate on regional flood operations and maintenance topics. Items of discussion included the Association's Strategic Plan, State DWR flood damage repairs, FMAP grants, and the State DWR re-organization. The group also discussed the local agency ability to assess State agencies for flood control.
- **9/26: District Roof Contract Design meeting.** Superintendent Kawamura and I met with Don Mariano, Ming Cheng, and Frank Hubbard from Lionakis to go over the needs for the District roof design. The group walked the site and inspected the roof.

**9/26: DWR DMP Update meeting.** I attended this meeting with State DWR staff and Nancy Moritz from Mead and Hunt to discuss the District's plan for performing ground penetrating radar to look for not found pipes. The group also discussed using the State grant funds for the proper abandonment of a pipe near Interstate 5.

**9/30: SAFCA Agency Staff meeting.** I attended this meeting to coordinate on local flood control topics. Items of discussion included the USACE's study of improvements at the Sacramento Weir and plans for bank protection in the American River. The Corps will host a public meeting in River Park on October 19<sup>th</sup>.
