

Statement of Interest

Dear Members of the Board of Trustees,

I am pleased to submit my application for the at-large Trustee position on the Board of Trustees. Helping to represent the North Sacramento community in the newly created Division 1 is a responsibility I take seriously, given our district's underrepresentation on many key decision-making bodies.

My professional experience as head of daily operations for my company has prepared me to address complex operational challenges while maintaining positive relationships with diverse stakeholders. I regularly manage budgets, employee deployment, and capital planning, providing me with a strong foundation in fiscal responsibility and strategic oversight.

In my volunteer roles, including as Vice-Chairman for both the Utilities Rate Advisory Commission and the 80-Watt District Property & Business Improvement District, I have gained substantial governance experience. These positions have allowed me to engage in policy development, financial analysis, and long-term strategic planning, which I believe are critical to serving as a Trustee.

Additionally, I have followed the Board's work closely over the years and understand its direct impact on the community. I am committed to ensuring that decisions made are transparent, equitable, and in the best interest of residents, particularly during times of economic strain when trust in leadership is paramount.

My commitment to public service is further evidenced by my participation in various local initiatives, including the Sacramento Metro Advocates for Rail and Transit, the AB617 Air Quality Steering Committee, and my leadership roles in multiple community boards. This breadth of experience highlights my ability to navigate complex issues and work collaboratively to achieve meaningful outcomes.

I am confident that my combination of professional skills, governance experience, and dedication to community service makes me a strong candidate for this role. Thank you for considering my application. I welcome the opportunity to discuss my qualifications further.

Sincerely,

Spencer Thomas Eberle

Spencer Thomas Eberle

Objective

To provide dedicated representation to the Sacramento community on a board that performs a vital public service, ensuring equitable and transparent decision-making.
